February 19th, 1919

The Honourable W. A. Hanna,
Imperial Oil Company,
Toronto.

Dear Mr. Hanna:

In accordance with your suggestion of some years back I am sending you another graduate of the Faculty of Applied Science who would like to have a chance to improve himself in some department of work with the Imperial Oil Company.

The bearer of this letter, Mr. H. H. Scott, is a graduate of the Faculty of Applied Science and had an excellent record as a student throughout his course. He comes of a good family and has had a great deal of active service overseas, having gone through most of the heavy actions from the Somme until late last summer.

With kind regards, I am,

Yours sincerely,

President.
